

140426003000

NOZZLE, 80° WITH COUNTER VALVE

Spray seen from above (at approx. 2 bar water pressure.)

Spray seen from the side (at approx. 2 bar water pressure)

SKIOLD MAKES THE DIFFERENCE!

- Nozzle for sprinkling
- Amount of water at 2 bar: approx. 58 L/hour
- Counter valve opens at approx. 1,4 bar
- Counter valve prevents dripping and ensures that all nozzles open simultaneously
- Suitable for sprinkling in all conditions
- Maintenance-free - no calcium clodding
- Seal is included
- Fitting hole in pipe: Ø11mm
